

NEW THIS FALL:

### **Acting for Dancers**

Dancers need to learn to demonstrate the range of emotions needed to effectively tell the story that the choreographer and the music require. Learning to act teaches your dancer the mind-body connection that he or she needs to move to the next level of performance. The theater games and acting exercises we use are specifically chosen to build physical confidence, strength, awareness, and the ability to use authentic emotions onstage.

### **Urban Street Styles**

This class will incorporate street styles of hip hop dance; krumping, popping, waving, grooves, animation, tutting as well as free style battles. Bianca's teaching style fuses Latin dancing, fun grooves, power, and technique. Whether you are a beginner or an advanced student you will leave class feeling exhilarated!

### **Sassy Hip Hop**

Join Warriors Dancer Miss Lizzie for this fun class. Straight from the NBA court to the studio, learn Sassy Jazz Funk in the NBA influenced signature style. Pirouettes and leaps will be incorporated into this industry style of hip-hop.

### **Stretch, Turn, Leap (STL)**

Increase your flexibility and strengthen your technique while learning how to leap, turn and do other tricks. This non-performing class is for the dance student wanting to focus on improving skills to become a well-rounded dancer. Class available in three levels: Beginner, Intermediate & Advanced.

### **Adult Classes**

Try one, try them all. We have Beginning Hip Hop, Advanced Hip Hop Adult Jazz, Adult Tap and Zumba! The Beginning Level Hip Hop Class, Adult Tap & Zumba are non-performing classes designed for fitness and fun!

### **Tap Dance**

Choose your level and enroll in this style of dance that teaches rhythm and musicality. Students will learn technique and terminology in the famous dance style using their feet as percussive instruments.
