

Love2Dance Studio Summer Camp Covid-19 Safety Guidelines (Session Four, 8/3-8/20)

Welcome to our fourth session of Summer DisDance!

Parents: Please review this document with your children.

We take pride in our facility and how it operates and would like to highlight the policies we have in place to help our dance students and faculty stay healthy and safe.

All of our dance camps/intensives will have staggered start times to allow for 30 minutes of disinfecting between groups. Class sizes in Studio L & D will be limited to twelve. We will be opening our warehouse doors to allow for increased ventilation. The door between Suite A and Suite B will remain locked so that we have two fully separated facilities. Our large studios allow for 10-15 designated feet per dancer.

We are counting on our studio families to self-certify that they are following all of the recommended social-distancing protocols which is not limited to but includes: avoiding large gatherings. Families must also self-certify that their child(ren) is/are only attending Love2Dance Camp for the duration of the three-week period. This is needed for the safety of our staff, students, the reputation of our studio and the health and wellness of our entire facility. Any student/family that is found in violation of this policy may be removed from our program immediately.

- **ARRIVAL:** All students will enter the building from the parking lot. Please walk along the fence and stand on a designated spot. Wellness checks and handwashing will be done outdoors before entering Studio L or Studio D. All student cell phones must be put away prior to handwashing and entering the facility.
- **DISMISSAL:** All students will exit from the back of the building and stand alongside the building wall on designated spots. Older children/teens will walk directly to their parked cars. Parents of younger students may wait in line on the designated spaces next to the fence and we will release your dancers to you one at a time. All students must wash their hands prior to leaving.

Covid-19 Prevention Steps for Love2Dance:

- **Surface Cleaning:** We are wiping down all frequently touched surfaces and equipment with bleach in between every single dance camp and at the conclusion of each day.
- **Deep Cleaning:** the *Love2Dance facilities* will be deep cleaned by a professional cleaning service twice per week.

1. **OUR WAITING ROOM AREA IS CLOSED:** We are asking all parents/guardians of children over the age of 8 to have their children walk to the entrance alone. Parents will be encouraged to refrain from socializing in front of the studio. **Per Marin County Guidelines: Parents will not be permitted to watch from a social distance in the parking lot.** This is all for the protection and benefit of all of our dancers. Marin County has already notified us that if cases spike severely during the course of the next few weeks: summer camps could be taken away.

2. Wellness checks will be completed prior to entry in the studios with a touchless laser thermometer and visual health inspection.

- **Staff:** All staff members will be screened prior to each shift in accordance with the CDC guidelines. Any staff member displaying any signs of illness or a fever over 100 will not be permitted to work.
- **Students:** All students will be screened prior to entry in accordance with the CDC guidelines. Any student displaying any signs of illness or a fever over 100 will not be permitted to attend.

3. Once your student is dropped off and has had their temperature taken, they will be guided to the outdoor sink to wash their hands. After that they will take their place in a designated area with their group until everyone has arrived and washed up.

4. Our Water Fountains are Closed: Every student must bring their own name-labeled water bottle(s). Please send plenty of water!

5. All parents are required to wear a mask while dropping off/picking up younger children. All Dance Students over the age of 12 are required to wear a mask while entering and exiting the facility. Masks may be taken off periodically during the dancing/exercising portion of class. All "Ready for Remote" campers must wear masks during arrival/departure. Masks may be taken off while seated at individual work spaces 6 feet apart as advised by the instructor.

6. Please minimize the amount of belongings that you are bringing with you into the facility. All personal items must be contained in one bag or backpack and will be stored in designated areas. **Student names must be on the outside of the bag and on all belongings, including dance shoes.**

7. Per Marin County Guidelines: students are only allowed to attend one camp at a time per three-week session. Families will need to self-certify that their students are only enrolled at Love2Dance during any applicable session.

8. Per Marin County Guidelines: parents/guardians are not permitted to enter the facility at any time.

9. Cell phones are generally very dirty. We ask that our students keep their cell-phones put away the entire time they are present in the facility. **If a cell phone is used: hands must be washed and disinfected again.**

10. Restrooms: All restrooms will be disinfected before and after each individual use. Students are encouraged to flush while holding a tissue and must wash their hands in accordance with the CDC guidelines. If possible please have your student use the restroom at home prior to arriving at the studio.

11. No Close Contact: we will be using floor markers to implement physical distancing to avoid contact. Students will not be permitted to hold hands, high five, hug or touch each other in any way.

12. Sneezes and Coughs: We are encouraging students to cough and sneeze into their shirt or arms, not in their hands. If your child has any symptoms of illness or allergies, we are asking them to stay home.

13. Vending Machine: The vending machine buttons must be disinfected before and after each use. Proper distancing and handwashing/sanitizing will be implemented for snack breaks and food will only be permitted to be eaten outdoors.

Reminders for Parents:

- **Please discuss the studio guidelines with your children and ensure that they know and understand the importance of physical distancing as well as the general prevention guidelines (avoid touching your eyes, nose & mouth, sneeze & cough into your elbow, wash your hands for 20 seconds).**
- **Do not bring your child to class if they are coughing, sneezing, have a fever, stomach-ache, body aches, sore throat, chest congestion, diarrhea, vomiting, or any other illness.**
- Do not bring your child to class if a family member is ill with any of the above symptoms
- Drop Off & Pick Up your student(s) **On Time**
- Do not bring toys from home.
- Do not break any formal quarantine/government restrictions.
- **Do wear a facial covering during drop off & pick up.**
- Do wait on the side of the building for your child to be dismissed.
- DO teach your children how to properly wash their hands and encourage them to cough and sneeze into their arm not in their hand and to not touch other children or their teacher.
- Alert us if your child does have COVID-19 and has been to the studio within the last 14 days so that we can alert their peers.

We will continue to monitor and implement the local, state, and federal recommendations as they're announced and make changes as necessary. We will take each week, or day to day, into consideration as it approaches and keep you updated on what's happening through email.

While all of these rules may seem daunting, please know we will be having lots and lots of fun #SOCIAL DisDANCING

We truly appreciate your assistance in keeping our Dance Community Safe!

Our lines of communication will be open at all times. Please do not hesitate to contact us through e-mail with your questions, comments or concerns.

Hand-washing technique with soap and water

Take me out to

LOVE2DANCE

I will do my HAPPY DANCE

It's Time For

some Hip Hop and Jazz routines

If you don't take me

I'll have to scream

For its five, six

seven and eight

Please don't make me be late

I just LOVE2DANCE

LOVE2DANCE

and do my HAPPY DANCE!

Sing to the Tune of "Take Me Out to the Ball Game"

Stop the Spread of Germs

Help prevent the spread of respiratory diseases like COVID-19.

Stay at least 6 feet
(about 2 arms' length)
from other people.

Cover your cough or sneeze with a
tissue, then throw the tissue in the
trash and wash your hands.

When in public, wear a
cloth face covering over
your nose and mouth.

Do not touch your
eyes, nose, and mouth.

Clean and disinfect
frequently touched
objects and surfaces.

Stay home when you are sick,
except to get medical care.

Wash your hands often with soap
and water for at least 20 seconds.
